

A Cuyahoga County Master Gardener Continuing Education Program

Plant/Insect Species and Their Effect on the Landscape Tom Dayton, Nursery Owner

Followed by a tour of the nursery with Tom as our guide

Saturday, April 27, 2013

11:00 am to 1:00 pm

Education Credits: 2.0

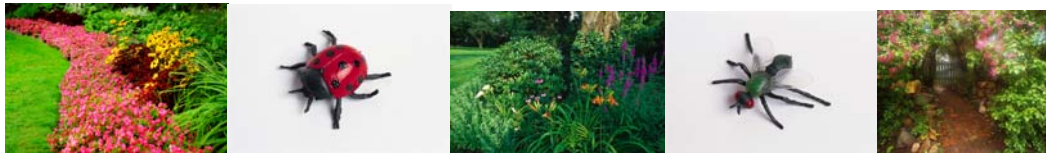

Dayton Nurseries

3459 Cleveland-Massillon Rd.

Norton, OH 44203

www.daytonnursery.com

Guests are welcome for this program.

Tom Dayton has again invited us to join him for an informative program which will focus on plant/insect species and what happens in the landscape.

Not only will he provide us information on this topic but will answer questions and lead us on a tour through the beautiful grounds of this nursery which covers over 40 acres. We will see the 17,000 ft greenhouse. There are trees, shrubs, roses, and over 800 varieties of perennials. Yes, you can shop after the program. If you wish to arrange to carpool, email Greg Cada, cada.4@osu.edu, to request a list of attendees which will be emailed a few days before the program.

Pay online by credit card or PayPal at
