Sorry no Guests for the Garden Art portion

Note that space for the garden art portion of the program is very limited and we request that if you've taken this in the past you give others a chance. If there is still availability after June 10th, the program will then be open to all Master Gardeners

Jacqueline Kowalski, OSU Extension ANR Educator, will lead us on an hour long diagnostic walk at Ben Franklin, at 10:00am. Then at 11:00 am Mary Kay Wysong, Master Gardener, will teach us to make our own garden art – concrete leaves. This will be an opportunity for you to beautify your own yard, and it is also a fun craft to learn and use for those of us who do horticultural therapy. Materials will be provided on site.

Registrations must be received by Tuesday, June 17th.

Pay online at <http://www.cuyahogamg.org/EducationStore.html>. To pay by check complete and return the registration blank below.
