# Program Agenda

**First Ever...**  
**“Landscape Design Track”**

Choose to take one  
or all sessions

**Registration and Continental Breakfast**  
8:15–9:00

**Introduction**  
9:00–9:15

**Session 1**  
9:15–10:30  
(Make a 1st and 2nd choice from A, B or C)

**Break**  
10:30–10:45

**A. More Than You Ever Wanted to Know About Growing Brambles**  
 Timothy J. Malinich, OSU Extension Educator, Commercial Horticulturist

Brambles—raspberries and blackberries—are the perfect home garden plant. Rich in vitamin C and high in fiber, they are relatively easy to grow, requiring a patch of full sun and well-drained soil. Learn how to choose the right cultivar, planting site, and how to care for established plants, proper pruning techniques, and much more. With a little instruction you can grow this most delicious fruit.

**B. Preserving Your Garden's Bounty**  
 Lorree Cummings, Owner of Stone Cottage Farm and Garden

Become part of the movement that is sweeping the country when you join others who are returning to a simpler, cleaner, healthier, and more responsible way of living through food preservation. An educator for 30 years, gardener, farmer, and nutritionist, Lorree will teach you how to easily freeze, dry, pickle, and can your garden's bounty.

**C. Start From the Ground Up: Essentials of Good Landscape Design**  
 Randall Zondag, Director, Lake County Extension Educator, Commercial Horticulturist

Before putting shovel to ground, learn the first steps necessary when planning your next home landscaping project. Budgeting, site selection, soil preparation and maintenance needs are just a few topics being covered in this must take session for the first time designers.

**Session 2**  
10:45–12:00  
(Make a 1st and 2nd choice from D,E, or F)

**Lunch (Breakers dining area)**  
12:00–1:15

**D. View of a Plant Snob: Specific Plants for Specific Conditions**  
 Jeff Griff, Owner of Lowe's Greenhouse and Gift Shop

So many plants don't get the proper recognition they deserve for specific situations, like vertical arrangement or maybe a special small space in your landscape. Learn the why's, where's, and how's of selecting and arranging these special pieces of horticulture.

**E. Everything is Coming Up Roses**  
 Lori Hilfer, Former President of the Western Reserve Rose Society and Accredited Rose Horticultural Judge

Learn how to correctly plant and care for your roses. In her presentation, Lori will teach you the correct practices to lessen diseases, to spray or not to spray, proper pruning, fertilizing, and even organic rose gardening. Learn these things and more from an expert who has been growing roses for over 33 years.

**F. Accentuating Your Landscape Design with Hardscape and Ornamental Features**  
 Joe Vayo, Grounds and Building Supervisor for Crocker Park

Are you dealing with an existing design or creating a new one? Learn how to incorporate paths, borders, privacy screens, water features and ornamental elements, to add interest and practicality to your garden spaces.

**Session 3**  
1:15–2:30  
(Make a 1st and 2nd choice from G, H, or I)

**Break and Refreshments**  
2:30–2:45

**G. Conifers: An Investment in Garden Treasurers**  
 Bill Hendricks, President, Klyn Nurseries, Inc.

Conifers come in all sizes and forms both small and large. Making the right choice can bring year round interest to your landscape. Through pictures, Bill will show the subtle differences of many dwarf and slow growing cultivars and suggestions on how to use them to accent your garden.

**H. The Best Investment a Gardener Can Make**  
 Randall Zondag, Director, Lake County Extension Educator, Commercial Horticulturist

Soil testing is an excellent investment for all gardeners. It is an inexpensive way to maintain good plant health, maximize plant productivity and can save you money. Learn what a soil test can determine, the correct procedure for taking soil samples, why pH is important, and much more. Don't Guess—Soil Test!

**I. Tricks of the Trade: Pulling Your Design Together**  
 Marie McConnell, Sales Representative, Lake County Nursery

Asking yourself, “Where do I begin?” “How can I get my landscape to look like a professional helped?” If so, join us for the do's and don'ts of design; everything from design tools, stages of design and much more.

**Session 4**  
2:45–4:00  
(Make a 1st and 2nd choice from J, K, or L)

**Get your parting gift in the lobby.**  
**Thank you for coming.**  
**Hope to see you next year!**

**J. Dealing with Wildlife Conflict in Your Backyard**  
 Marne Titchenell, Wildlife Program Specialist, OSU Extension School of Environment and Natural Resources

This presentation takes the homeowner through the identification of signs and damage caused by wildlife species such as deer, rabbits, squirrels, moles and voles. Management options and strategies will be discussed to alleviate damage and conflict.

**K. Turf Grass Diseases and Health Management**  
 Erik Draper, Educator and Director, OSU Extension, Geauga County

Learn how to keep your lawn happy! Weeds, moss, foot wear, and abuse cannot compete with a green and healthy lawn. Knowing the facts about diseases and proper lawn management will help to insure much enjoyment for the homeowner.

**L. Selecting Appropriate Plant Material for Your Design Plan**  
 Marie McConnell, Sales Representative, Lake County Nursery

Perplexed about selecting plants for your garden? This design session will answer questions on seasonal interest, height and spacing, perennials vs. annuals, mulching materials, color design and foundation plants. More questions? Marie will have the answers.
