A Note From Renee Shepherd

I am excited to be partnering with your organization to grow cash donations through our fundraising program. Here's a little background about my seed company:

At Renee's Garden, I offer only the varieties that are very special for home gardeners, based on great flavor, easy culture and exceptional garden performance. This seed line is my personal selection of time-tested heirlooms, the best international hybrids and fine open-pollinated varieties. I harvest and use the vegetables and herbs in my kitchen to choose the most delicious, and cut the flowers for bouquets to select the finest colors, forms and fragrances. Our varieties are tested and guaranteed for every major US climate zone.

Our individually written packets offer beautiful watercolor portraits, with personally written descriptions, complete growing instructions, a quick-view planting chart, growing tips, harvesting information and cooking ideas. Inside you'll find superior quality seed—the top germinating, reliable seed usually reserved for specialty growers. Renee's Garden is my practical way to spread the joy of gardening as a meaningful, productive and satisfying activity that connects us to each other and the earth. Please join me!
