

Plants in the Park is in Need of Some Container Gardens

Do you like to design and plant your own container gardens? Do you have an eye for pretty plant combinations? If so, would you please consider designing and donating a container garden to this year's Plants in the Park Sale? We are looking for a few beautiful, colorful container gardens planted in nice plastic or ceramic containers of varying sizes. Please make sure all of the plants used in each container have similar growing requirements (e.g. all shade plants or all sun-loving plants). Get creative! You can use your favorite thriller, filler and spiller recipe. Plant a container of just beautiful foliage plants using varying shades and textures, or perhaps challenge yourself to use all perennials or natives instead of annuals. Thank you for considering this type of donation and can't wait to see your beautiful creations at this year's Plants in the Park!

Your PIP Co-chairs Dave Appel, Deb Dougherty, Gretchen Faro and Cathy Wheeler
